## CHINESE BOYCOTT JAPANESE

(Associated Press Cable to The Star.) HONGKONG, April 11.—The Toyo Kisen Kaisha steamship Hongkong Maru today sailed from this port for Japanese ports, Honolulu and San Francisco without a single package of Chinese freight. The fact that her cargo does not include an item of Chinese merchandise is the direct result of the boycott declared by the Chinese on Japanese commerce, the Chinese merchants refusing to ship on a vessel flying the Japanese flag.

## TO INSTRUCT OR OTHERWISE

THE QUESTION THAT IS BOTHERING THE POLITICIANS TODAY—STRONG CANVASS FOR A TAFT DELEGATION BY ATKINSON, CARTER AND THE BOY ORATOR—EXAMPLE OF NEW MEXICO AND ALASKA QUOTED.

Whether the delegates to the republican national convention at Chicago who will go from this Territory shall be instructed by the convention, or whether they shall be given a free hand is the matter which is bothering the local politicians today. Up to a few days ago it was generally understood that an uninstructed delegation would be sent, but there has been a skurrying round of leaders, ex-leaders and would-be leaders to see whether a change cannot be made.

A. L. C. Atkinson has for some time been working with all his influence to bring about the sending of a delegation which would be given orders to support Taft first, last and all the time, and has made some little head. His Pidos Achates, Bernard, the boy orator, has also been doing missionary work in this line.

The latest on the battlefield, though by no means the least energetic is George R. Carter, former governor of the Territory. For the past day or two he has been interviewing every delegate whom he has met or could find and expressing his views on the matter, advising the solid support of the Roosevelt candidate. The reasons given by Governor Carter are purely local so far as can be found out. They bear on the question of seating six delegates from this Territory.

The ex-Governor holds that Taft will have the majority of the delegates in the convention, or at least a larger number than any other candidate. Therefore he holds it will be best to

As was reported exclusively yesterday afternoon in The Star a mass meeting of Hawaiians will be held at Ala Park tonight, in spite of the so-called new leader of the Hawaiians, Mary H. Atcherley.

A number of prominent Hawaiians in town stated this morning that a meeting would be held tonight at Ala Park, and the change were very good for an endorsement of Pinkham.

One stated that it was "about time for Mary Atcherley to keep quiet, and not to meddle in the affairs of the Hawaiians. She is not a man and has no right to claim that she is the leader of the Hawaiians, as she claims in this morning's paper."

The same party stated: "I do not see where Mrs. Atcherley can claim that The Star said she was back of this meeting. If she will read The Star she will see her name was never mentioned. We Hawaiians are tired of her continual butting-in, and if we see fit to endorse Pinkham, and I hope we will tonight, it is none of her business."

"She evidently has an axe to grind, but I am confident that when it is sharpened it will do no harm. Regarding Pinkham and the Wallach matter I claim that he did right, as Wallach is one of the biggest fakes that has ever been perpetrated on the citizens of Hawaii."

"We are going to endorse Pinkham in spite of Mrs. Atcherley and all her crowd who are against him."

Supervisor Dwight, when asked this morning if he knew anything about the mass meeting that was to be held tonight at Ala Park, replied: "All I know about it is that I have given per-

## ISBELL TO STAY IN THE ISLANDS

AFTER OVERSEEING THE CONSTRUCTION OF LONG DISTANCE WIRELESS STATION AT KAHUKU THE EXPERT WILL REMAIN TO OPERATE THE SYSTEM—EXPECTS TO MAKE THE ISLANDS THE WORLD'S WIRELESS CENTER.

Wireless Expert Arthur A. Isbell, who came here to make tests for the selection of a site on this island for a long distance wireless station, is to remain. He will have charge of the erection at Kahuku of the wireless station and plant and he will remain here to operate the system, expecting to make of these islands the world's greatest wireless center.

Orders will go forward on the next steamship to the Coast for the material and machinery for the aerial surface and plant at Kahuku, and today there are men going over the telephone line between here and Pearl City and prospecting the route of the line that is to be at once extended from Pearl City to Kahuku to connect Honolulu with the headquarters office in Honolulu.

Upon the completion of the big plant at Kahuku, a plant will be erected near Hilo, so that there will be absolutely no difficulty, mountains or no mountains, in getting messages or receiving messages from steamships or other vessels equipped with wireless in any direction.

## AFTER OUR TOBACCO

CIGAR MANUFACTURER OF NEW YORK STAYED HERE FOR A WEEK INQUIRING.

Among the recent stopover passengers on their way to the Orient was Mr. John W. Merriam, a prominent cigar manufacturer of New York, who stayed over here for a week for the special purpose of finding out whether he could obtain a large quantity of Hawaiian grown tobacco for use in his factories. While here he saw a good deal of Jared G. Smith, the director of the Federal Experiment Station, and told him what he thought of the native product. In speaking of this yesterday Mr. Smith said:

"Mr. Merriam appeared to be very much pleased with the tobacco which has been produced on these islands. He told me that he had received a number of samples of the tobacco

"In speaking of the condition of the tobacco which he had already received as samples, he said that some of it was very good and that some of it was spoiled. In this regard, however, he said that he felt that this trouble could be easily overcome with a few lessons which would be gained from experience. The tobacco which he liked so much was grown in the Hamakua district and he seemed to consider it as ranking very high."

"Mr. Merriam has gone on to Japan. He will not return by way of Hawaii but will continue through Asia and Europe with the other members of the party with whom he is traveling."
